University of Notre Dame Biometrics Database Release Agreement
ND-FINGERPRINT-PAD-IJCB-2025 Dataset
Principal Investigator: Dr. Adam Czajka

Introduction: The goal of our biometrics research is to develop new techniques, technology, and algorithms for the automatic recognition of humans. The datasets that we have collected are meant to aid research efforts in the general area of developing, testing, and evaluating human recognition algorithms. The ND-FINGERPRINT-PAD-IJCB-2025 dataset includes data produced by a 50-participant fingerprint annotation collection study over 800 fingerprint samples, as well as a variety of human annotative and software-generated saliency maps used to train saliency-guided fingerprint presentation attack detection models. The UND owns the copyright to, and serves as the only source for the ND-FINGERPRINT-PAD-IJCB-2025 dataset.

Release of the Database: To advance the state-of-the-art in human recognition, to the extent permitted by law, de-identified (no personal identifiers associated with images) ND-FINGERPRINT-PAD-IJCB-2025 is made available to researchers on a case-by-case basis only. All requests for the ND-FINGERPRINT-PAD-IJCB-2025 dataset must be submitted in writing to the UND Principal Investigator **by the researcher's institution on behalf of the individual researcher or research unit** (henceforth the "Licensee"). To the extent permitted by law, to receive a copy of the ND-FINGERPRINT-PAD-IJCB-2025 dataset, the requestor must sign this document and agree to observe the restrictions listed below. In addition to other possible remedies, failure to observe these restrictions may result in revocation of permission to use the data as well as denial of access to additional databases distributed by the UND. The database will be distributed over the Internet to licensees only. There will be no charge for data made available via the Internet.

Consent: The researcher(s) agrees to the following restrictions on the ND-FINGERPRINT-PAD-IJCB-2025 dataset:

1. **Redistribution:** Without prior approval from the UND Principal Investigator, the ND-FINGERPRINT-PAD-IJCB-2025 dataset, in whole or in part, will not be further distributed, published, copied, or disseminated in any way or form whatsoever, whether for profit or not. This includes further distributing, copying or disseminating to a different facility or organizational unit within the requesting university, organization, or company.
2. **Protection of de-identification:** There shall be no attempt made to defeat the de-identification of the data provided.
3. **Destruction:** Licensee agrees to destroy certain videos in the database, or to destroy all copies of the database, if requested by the UND Principal Investigator.
4. **Modification and Commercial Use:** Without prior approval, the ND-FINGERPRINT-PAD-IJCB-2025 dataset, in whole or in part, may not be modified or used for commercial purposes. The license granted herein is specifically for the internal research purposes of Licensee, and Licensee shall not duplicate or use the disclosed database, its contents, or any seal, logo, mark, or phrase associated with or owned by UND to manufacture, promote, or sell products or technologies (or portions thereof) either directly or indirectly for commercialization or any other direct for-profit purpose without the prior written permission of UND.
5. **Publication Requirements:** Those seeking to include renderings of more than 10 images from the ND-FINGERPRINT-PAD-IJCB-2025 dataset in reports, papers, and other documents to be published or released must first obtain approval in writing from the UND Principal Investigator.
6. **Publications to UND:** A copy of all reports and papers that are for public or general release that use the ND-FINGERPRINT-PAD-IJCB-2025 dataset must be forwarded immediately upon release or publication to the UND Principal Investigator.
7. **Indemnification:** Licensee agrees to indemnify, defend, and hold harmless the University of Notre Dame du Lac and its Board of Trustees, officers, employees and agents, individually and collectively, from any and all losses, expenses, damages, demands and/or claims based upon any such injury or damage (real or alleged) except to the extent permitted by law, when caused by the gross negligence or willful misconduct of UND, and shall pay all damages, claims, judgments or expenses resulting from Researcher's use of the ND-FINGERPRINT-PAD-IJCB-2025 dataset, as determined by the court.
8. **Citation:** All documents and papers that report on research that uses the ND-FINGERPRINT-PAD-IJCB-2025 dataset must acknowledge the use and source of the dataset by using the following citation:
   S. Webster and A. Czajka, "Saliency-Guided Training for Fingerprint Presentation Attack Detection," IEEE/IAPR Int. Joint Conference on Biometrics (IJCB), Osaka, Japan, September 8-11, 2025

   Note: Signatory must have the legal authority to sign licensing agreements on behalf of the Licensee with UND. Licensee's legal staff should review the terms and conditions of this agreement and execute it. Agreements signed by individuals without this authority are not valid and will be discarded.

Authorized Signatory for Licensee:

_____   _____   _____
NAME (in capitals) & TITLE   SIGNATURE   DATE

_____
LICENSING ORGANIZATION NAME, ADDRESS (in capitals), & CONTACT EMAIL ADDRESS

_____
NAME OF RESEARCHER (if different from the signatory)

Please scan and email the executed agreement to cvrl@nd.edu.
